They come here to this country from the jungles and
from trees

The traitors in the parliament give them a better deal

Spend the nation's money, to cater to their needs

They all accept our charity, then bite the hand that
feeds

Chorus:

Before the night falls, heed the White call

Before the night falls, when the reaper calls you

Our forefathers fought in two world wars, they thought
to keep us free

But I'm not sure that in those wars, who was our enemy

The Zionists own the media, and they're known for
telling lies

And I could see, that it could be, we fought on the
wrong side

(Repeat Chorus)

European unity, the North Teutonic dream

To scoop to save humanity, leave Europe with the
cream

But now our once proud Europe, looks like a melting
pot

But melting pots boil over, and it's getting pretty hot

(Repeat Chorus) x2

Calls you!
