It's time to face the music, we've let our country down  
Upon the face of our nation, there seems to be a frown  
Once we were all proud men of this green and pleasant  
land,

But we've lost a lot of tears over you  
Very soon our time will come, our nation's doom will toll  
They've bought up all our industries, and they've tried  
to buy our souls

And then our nation's working men, will be the rich  
man's slaves

Yes, we've lost a lot of tears over you

Chorus:

It's power from profit, they're buying our souls  
It's power from profit, puts you on the dole  
It's power from profit, a good job's hard to find  
It's power from profit, they'll soon own our minds  
I think it's time our people stood together all as one  
And took back all our nation's wealth when the  
profiteers have gone

Our working men would be fairly paid, for all their  
sweat and toil

Yes, we've lost a lot of tears over you

(Repeat Chorus)

It's power from profit, the capitalist's a thief  
If he stands against us, he better stay out of our reach  
We will fight against them with a hammer and a gun  
And when our people start to rise, the traitor's time will  
come

(Repeat Chorus)

And when our time has finally come, and we've gained  
our brave new world

The people stand and hail the dawn, the banners are  
unfurled

We've got to be on guard to see that they don't come  
again

Because we've lost a lot of tears over you

(Repeat Chorus) x2
