I believe in the White race  
A race apart, we've got a mile start  
I believe in my country  
It's where I belong, it's where I'll stay  
Chorus:  
For my race and nation  
Race and nation  
Race and nation  
Race and nation  
This old nation's in the hand of fools  
Using people as political tools  
If you stand up and you say that they're wrong  
They'll put you inside, and say that's where you belong  
(Repeat Chorus)  
Something's got to change right now  
The White race is going down and how  
I'm not trying to depress you  
Because I believe, we're going to pull through  
(Repeat Chorus) x2
