Hey you up there in your office
Hiding in your private little nest
Trying to tell the people what to listen to
Do you clutch the Red flag to your breast? Oh yeah

Skrew you, a stranger to the truth
Skrew you, twisting all our words
Skrew you, an upper class worker
Skrew you, to me you're just absurd

I can see right through your image
You're just another wealthy fake
Never gonna break your social circle
Because your scared for your own safety's sake, oh
yeah

Skrew you, a stranger to the truth
Skrew you, twisting all our words
Skrew you, an upper class worker
Skrew you, to me you're just absurd

I read these stories, never really knew
Never really believed them but now I know they're true
People always told me, never trust a creep like you
And now I've read your stories, I just say skrew you

Skrew you, a stranger to the truth
Skrew you, twisting all our words
Skrew you, an upper class worker
Skrew you, to me you're just absurd

You claim you're speaking for the people
Exactly which ones do you mean?
A beret on your head, red star upon your collar
You don't talk for people on the streets, oh no

Skrew you, a stranger to the truth
Skrew you, twisting all our words
Skrew you, an upper class worker
Skrew you, to us you're just absurd

Skrew you, a stranger to the truth

Skrew you, twisting all our words
Skrew you, an upper class worker
Skrew you, to us you're just absurd
Skrew you
