white power 1 2 3 4

i stand and watch my country  
going down the drain  
we are all at fault now  
we are all to blame

we're letting them take over  
we just let 'em come  
once we had an empire  
now we've got a slum

(white power!)for england  
(white power!)today  
(white power!)for britain  
before it gets too late

well we've seen a lot of riots  
but we just sit and scowl  
seen a lot of muggings  
and the judges let 'em off

(white power!)for england  
(white power!)today  
(white power!)for britain  
before it gets too late

well we've gotta do something  
to try and stop the rot  
and the traitors that abused us  
they should all be shot

(white power!)for england

(white power!)today  
(white power!)for britain  
before it gets too late

are we gonna sit and let them come  
have they got the white man on the run  
well today the society is a mess  
we ain't gonna take much more of this

what do we need!  
(white power!)for england  
(white power!)today  
(white power!)for britain  
before it gets too late

well if we dont win our battle  
and all does not go well  
its apocalypse for britain  
and we'll see you all in hell

(white power!)for england  
(white power!)today  
(white power!)for britain  
before it gets too late

(white power!)for england  
(white power!)today  
(white power!)for britain  
before it gets too late
