Lies

You never really told me and I never felt to ask you why  
You told me not to worry then I told you where to sleep  
tonight

I wanted to be with you and you wanted me to come  
around

Don't be shy

The night has made you drowsy  
And the pills have got you high  
You're seeing life like a painting  
And hear it like a lullaby  
The colors are amazing  
I wonder why

Don't write my name in the mirror  
Just see the signal when I tip my hat  
I'll be your saint and be your sinner  
I'll be an actor or an acrobat  
I'll be your dirty little secret  
I'll be no more and happy with that  
Don't say it, don't call me out  
Don't be late, don't make a sound  
Get it ready, g-g-g-get it out

Let's run

Let's run away together far away from everyone  
To where the desert meets the sky and the mountain  
hits the sun  
Where no one will ever find us, no one at all  
No one

Don't write my name in the mirror  
Just see the signal when I tip my hat  
I'll be your saint and be your sinner  
I'll be an actor or an acrobat  
I'll be your dirty little secret  
I'll be no more and happy with that  
Don't say it, don't call me out  
Don't be late, don't make a sound  
Get it ready, g-g-g-get it out

We're star catching baby  
We're all star catching

Don't write my name in the mirror  
Just see the signal when my heart explodes  
I'll be a saint and be your sinner  
As long as no one knows  
I'll be your dirty little secret  
Hold me tight and don't let me go  
Surrender to the sound  
Hold on and don't look down

We're star catching baby  
Always star catching
