"Drive"

In the dead of night
We light the candles
In the loneliest shrine
Cue the chorus line
Hide my heartbreak
In the rhythm and rhyme

We just drive
Until our cars collide
We just drive drive drive

Back when the night was ours
Before it left with stars
When we were animals
Two hearts racing
Alone and waiting
Two hearts breaking apart

This ending has no start

We just drive
Until our cars collide
We just drive
In search for signs of life
We just drive drive drive

Oh Father I have sinned
Please forgive me
But it's far too late to right the wrongs I've done
Hold my head under the holy water
Heal this troubled son
Heal this troubled son

We just drive
Until our cars collide
We just drive, drive, drive
In search for signs of life
To feel alive
We just drive

Oh oh oh oh oh

There's nothing left to loose
Oh oh oh oh oh
We'll drive on forever
There's nothing left to loose
Searching for each other
We just drive
