Chucky Smash Now close your eyes..visualize and see what we be

seeing...evident with the evidence...nobody be  
freeing...wisdom...release your mind..bitches rockin  
Calvin  
Klein..confined to watchin rewinds of Martin on channel  
9... where  
the  
blind lead the blind, destination to the  
boulevard..blessed to be  
fresh...beatboxin' like M&R...flashback..to Cold  
Crush...Easy A.D.in...I used tyo rock the tube sox...aye  
yo, my box  
was  
JVC an nowadays, these Childs wanna live like Mr.  
Kevin....o.t.  
with mad  
g's...push a 7 or a Legend.....Yo, was  
it the buddas?...stick up niggas with 17 shooters...but  
they don't  
understand till they're three time losers...Chucky  
Smash...I be killin  
em...I hit em with the minimum...then I start  
smackin em...I take em to the maximum...level..you  
retreat,  
complete  
back pedal....The Microphone Lord...I'm steppin off with  
a bad  
broad

YO, MY GLARE IS BLINDING...GOT A KNACK FOR  
FINDING.....CURENCY FOR  
SHINING...DOLLAR SIGNS AND DIAMONDS....SKY'S  
THE LIMIT..YO, WE LIVE IT,  
NEVER BE TIMID...CAUSE REAL NIGGAS DON'T FAKE  
IT... CAUSE REAL NIGGAS  
LIVE IT

Chi I layed low for six years...was in no rush to drop an  
album..still

got g's and car keys...wasn't stressed without one...yo  
wonder how  
come  
I ain't rappin and I'm stayin creamy...ladies  
love me and I'm peelin Franklins when you see me... up  
in the  
Tunnel, at  
Esos, even the Mirage....I bag up models at expos and  
we menage  
trois...no, I'm no star but my aura and my  
jewels are gleamin...and now I'm driving so I'm keepin  
lifestyles  
filled  
with semen...No yall aint dreaming...It's Chi Ali..I'm back  
to  
stay...and dare niggas say some shit I think is wack  
today...my record label drop me..but that shit still ain't  
stop me..It  
got me mad so I had to go o.t. and cop me..a diamond  
stud and a  
fat ass  
cuban link...be stayin laced cause I just refuse  
to sink..or fall off and now I'm back to set it all  
off..yea..me and my  
niggas rentin floors in the Waldorf Cie Lo Now I'm  
holding more  
records  
than Tower..when I reign..do more than  
shower..No baking soda, come back story - I  
devour...delete,  
destroy -  
prime time, by the hour - Grand Rapids - never delt with  
coke...barely  
touch flour...Torn from the seam...born in my  
genes to get the cream like noxem - shine like oil  
sheen....Niggas in  
this game with that in-expensive talk...while I'm out  
buying property  
-  
real estate - and side walks...I elevate at a rate  
that's heavy weight...straight from the state where we  
chop it and  
break...the Legion see...we click on all cylinders...o.t.  
locking  
blocks  
and holding down Dillingers

HOOK

Cules Check it..To get what I got in my possession...I  
had to use

some  
aggression dealin in my profession...My compliance  
with my clients  
is to  
a science...I'm only dealin with giants  
because I'm forming an alliance....They call me  
Molecules..you  
know the  
rules..I paid my dues...back in the day..I walk the streets  
with  
.22's.....now, It's different times and different  
weathers...so now I rock the block with glocks under  
butter soft  
leather...Although I changed my flow..I'm about gettin  
doe..but on  
the  
low..I don't think these niggas know we about to  
blow...Now we're pushin limos...me and my Legion  
team...kickin  
the  
breeze...sippin on Dom P...Remy on freeze...I went from  
sportin  
Swatches  
to Cuban links around my neck...Sub  
Mariner Rolex..Assault mix made by Avirex....Yo  
Dres...These  
petty  
motherfuckers is small in the mind...they will find it's  
time for Black  
Sheep and the Legion to shine....And fuckin  
with me is like snortin a ki of lines...ya better off bustin  
yourself  
with a million nines.... cause my mind is on pushin  
weight and  
dicking  
dimes and your mind revolves on sippin three  
dollar bottles of wine
