Baby!

You were always gonna be the one
You only ever did it just for fun
But you run to paradise

Jenny!

I'll meet you at the grocery store
You dont need a friend when you can score
You run to paradise

Charlie!

We were always best of friends
Stick together and defend
But you run to paradise

And Mumma!

Now don't you worry bout' me anymore
When i see you crying at the door
And i run to paradise

Thats right they had it all worked out
You were young and blonde
And you could never do wrong
Thats right they were so suprised
You Opened their eyes up, opened their eyes up
Opened their eyes up

You don't want anyone
You don't want anyone
Don't tell me this is paradise
Open your eyes up
You don't want anyone
You don't want anyone
Don't tell me this is paradise

Good times, Why'd i let Å©m slip away
Why'd i let them slip away
Cause i lived in paradise

Run to paradise
Run to paradise

Run to paradise

Jesus says it's gonna be alright
He's gonna pack my bag
So i can walk in the light
You don't mind if i abuse myself
So i can hold my head up, hold my head up
Hold my head up

You don't want anyone
You don't want anyone
Don't tell me this is paradise
Open your eyes up
You don't need anyone
You don't need anyone
You'll tell me this is paradise

You don't want anyone
You don't want anyone
You'll tell me this is paradise
You don't need anyone
You don't want anyone
Don't tell me this is paradise
