It's time,
It's time for me and you
To show the world just what we are gonna do.
Take my hand,
(Take my hand)
And never let it go.
I love this moment more than you will ever know.

And I know what to say
When we talk about everything.
And you know just what to do
To make me fall harder for you.

[Chorus:]
Everything,
Everything all came true.
Everything came true when I was with you.
Everything,
Everything all came true.
Everything came true when I was with you.

We move on,
We move on, right along.
Right by each other singing our favorite songs.
And now we
(And now we)
Finally take a chance,
We've got this world right in the palm of our hands.

And now I understand
Why you have my heart inside your hands
You are the one
[x2]

[Chorus:]
Everything,
Everything all came true.
Everything came true when I was with you.
Everything,
Everything all came true.
Everything came true when I was with you.

I was with you.
