A crowd of kids with the same dream.
Inside their hearts it means everything.
They stand up tall with heads held high
Because this dream, it won't ever die.

[Chorus:]

This is all we will ever be,
And this is all we'll ever need,
And this is everything I hoped I would achieve.
And I will never be brought down
With my friends right at my side.
I'll make it out and be just fine.

This is all we'll ever love,
And we won't ever give it up.
We're taking one step at a time,
Cause in the end we'll be just fine.

[Chorus:]

This is all we will ever be,
And this is all we'll ever need,
And this is everything I hoped I would achieve.
And I will never be brought down
With my friends right at my side.
I'll make it out and be just fine.

(OH SHIT)

This is the life I love,
This is the life I lead,
And you can try your best,
But you won't change me.
[X3]

[Chorus:]

This is all we will ever be,
And this is all we'll ever need,
And this is everything I hoped I would achieve.
And I will never be brought down
With my friends right at my side.
I'll make it out and be just fine.
