Chorus

She Speaks so many languages yea,
But I can't hear her
She Speaks so many languages yea,
Whatever does she say
She Speaks so many languages yea,
But I can't hear her
She Speaks so many languages yea,
All I can do is sing

Verse

When we meet we don't talk at all yea
I can see it all from her cold stare,
But she breaks, but she breaks
So eas-i-l-y,
And melts into my arms like a warm breeze
I've got so many reasons I should not be there,
Where my heart is when this happens
I just don't know where

Chorus

She Speaks so many languages yea,
But I can't hear her
She Speaks so many languages yea,
Whatever does she does she does she say

Jam Section

Verse 2

I know behind the words I don't understand
She loves me for the man that she thinks I am.
But behind the words that she says to me,
She loves for me the man that I used to be.
That music that we make brings it all back home,
I take it with-me where ever in this world,
I may roam

Chorus

She Speaks so many languages yea,
But I can't hear her
She Speaks so many languages yea,

Whatever does she say
She Speaks so many languages yea,
But I can't hear her
She Speaks so many languages yea,
All I can do is sing
