I don't go to school here anymore  
I don't go to school here anymore  
I don't go to school here anymore  
and I don't have to take no shit from you

I don't go to school here anymore  
I don't go to school here anymore  
I don't go to school here anymore  
and I do just what I want to do

I don't go to school here anymore  
I don't go to school here anymore  
I don't go to school here anymore  
and all I say is fuck you!

I don't go to school here anymore  
I don't go to school here anymore  
I don't go to school here anymore  
I don't go to school here anymore  
I don't go to school here anymore  
I don't go to school here anymore  
So fuck you teacher  
fuck your rules  
fuck you principal  
fuck your schools  
I don't go to school here anymore and I don't have to  
take no shit from you  
teacher
