I smoked the shit that made you love
Drowned all your problems like a wife
Blanked out your anger with my face
Wasted my days to hide disgrace

I did it all, did it all
All in the name of pity

You loved to taunt me with your sex
Kicked up the memory in my head
Watch my neurosis building up
Swallowed the truth your mind forgot

You did it all, did it all
All in the name of pity
Yeah, yeah

You did it all, did it all
All in the name of pity

In the name of pity
In the name of pity
In the name of pity

Why, why, why, why
Why, why, why, why

You tried and tried to use my life
To keep your aggression trivialized
Never an ego in control
Now who's the shit that sold his soul

You did it all, did it all
In the name of pity

You did it all, did it all
In the name

You did it all, did it all
In the name of pity
In the name of pity
Oh, In the name of pity

Ohh
