his men have taken all the jewels you gave him  
your sweatin' shakin' cos your god loves only you  
i am one again  
i am one again  
i am born again  
i am born again  
your eyes shine brighter  
he takes you higher  
the dawn is breaking over girls half naked  
your soul is taken cos your god loves only you  
i am one again  
i am one again  
i am born again  
i am born again  
your eyes shine brighter  
he takes you higher  
our world is changing  
cos your god loves only you  
cos your god loves only you
