Cold blood, broken smile that is all that I have to give  
Your eyes are looking up, so distorted,  
From the hate of us all, in disgrace  
Who am I to know all your dreams now ?  
There's no mystery in this world anymore,  
And who's the fool of fools, and who's the enemy,  
Who would crush all the hope, in your face, in your face

I dont believe your world anymore, I dont believe  
anymore  
I dont believe your world anymore, I dont believe  
anymore

So, all the words are dead  
Nothing seems now undiscovered ??  
I believe like I've never done before,  
That you'll always be, always be, always be one of my  
friends

I dont believe your world anymore, I dont believe  
anymore  
I dont believe your world anymore, I dont believe  
anymore, anymore

And I try to believe, believe, I've been watching you,  
I've been watching you  
All of my life, all of my days, tell the world

I, I, I dont believe your world anymore, I dont believe,  
anymore  
I dont believe your world anymore, I dont believe  
anymore, anymore  
I dont believe your world anymore, I dont believe  
anymore  
I dont believe your world anymore, I dont believe  
anymore, anymore  
Loverly, loverly, loverly, loverly, loverly
