Another useless fight  
Saddened words ring true  
Leaving like a saint  
Still clouds follow you

I've seen behind the wall of words  
You are sneaky with the facts  
Look who's hiding now  
Now I've seen through cracks

Still I'm not afraid  
Not so dead afraid  
And I'm not afraid  
Now you've all the light

Guilt is all you are  
Your friends for days and eternal nights  
Solid head for life  
Craving all this might

Still I'm not afraid  
Not so dead afraid  
And I'm not afraid  
Now you've all the light

Now you've all the light  
Still I feel you by my side

Nothing's useless now  
Friends have always time to try  
The safest hands hold me  
Now I hold the love

Still I'm not afraid  
Not so dead afraid  
And I'm not afraid  
Now you've all the light

And I'm not afraid  
Not so dead afraid  
And I'm not afraid  
Now you've all the light

I've seen you with all the light  
Now you've all the light  
Seen you with all the light
