I hit him with a piece of his philosophy
Anglo-Saxon muck in his type of greed
What did he do to deserve such hate?
He tried to intellectualise my blackness

He tried to summarise, to institutionalise
Still I could recognise he was materialised

He tried to intellectualise my blackness
To make it easier for his whiteness
He tried to intellectualise my blackness
Oh, save me, save me!

He's always tryin' to make up for his little slips
The joke about the nigga and the yellow nip
And then he tells me I'm so different from those other
shits
When he tries to intellectualise my blackness

He tried to summarise, to institutionalise
Still I could recognise, he was materialised

He tried to intellectualise my blackness
To make it easier for his whiteness
He tried to intellectualise my blackness
Oh, save me, save me!

Oh, motherfucker don't you lecture me
Yeah, don't you ever try to lecture me, yeah
Motherfucker don't you lecture me, oh no

He tried to intellectualise my blackness
To make it easier for his whiteness
He tried to intellectualise my blackness
Oh, save me, save me, save!

He tried to intellectualise my blackness
To make it easier for his whiteness
Intellectualise my blackness
Oh, save me, save me, save me!

Intellectualise my blackness

To make it easier for his whiteness
Intellectualise my blackness
Oh, save me, save me, save me!
