In a little while you're gonna call me
There'll be nothing I can say
In my head there's nothing cool today,
I only feel regret
Yet I'm out on a limb now,
'Cos you're so discreet

In a little while you're gonna call me
And hear me cry for a week
I won't be you, I won't be you now
La,la, la,la, la,la
I won't be you, I won't be you, now

On another day I could've been brave,
Could've faced you broad and strong
I'd stand firm and you would listen when I'd say
"Yes, I have made mistakes!",

But I made them a new doll,
And that I'm so happy now
That great future is a while away,
Today I stand all wrong
I can't be you, so I won't be you now
La,la, la,la, la,la
I won't be you, I won't be you now, now

Could've been brave, could've been strong
I can't be you, I won't be you now
la,la, la,la, la,la
I won't be you, I won't be you now
la,la, la,la, la,la
I won't be you, I won't be you now
la,la, la,la, la,la
I won't be you, I can't be you, now
