You can fill your life's dance card
Till someone cuts in
Just like every squaredance
And hoedown you've been
Kick up yesterday's dust
And make yourself home

We've all been burned
Thought we had learned
Now the seasons are changing
The tables have turned
Sweep out yesterday's cobwebs
And make yourself home

(Chorus:)

Make yourself home
Don't be alone
Make yourself home
Make yourself home
Don't be alone
Make yourself home

Follow the smoke from my fireplace
Right to my door
We'll sit by the fire
Like we've done before
Hang your hat on the nail
Make yourself home

The stairs are all creaky
The door's off the hinge
I'll pour you some coffee
Call you my friend
Pull up an old kitchen chair
And make yourself home

(Chorus)
