Late night, backstreet rendezvous
This time he's gone a little too far
She's parked up the street
With a bird's eye view
And she saw what happened in that car

You just can't love more than you can trust
Right now that's painfully clear
A girl must do just what a girl must
Watch her fly outta here

He lost things to his foolish passion
Took him years in the makin
Moments in the passing

Homestead on the prairie
Built with an honest hand
Good place to raise up a family
Good place to make a stand

Thunder in the distance
Black clouds begin to roll
Come to test your resistance
Feel the devil wind blow

See the twister through the lightning flashin
Took him years in the makin
Moments in the passing

Big money man makin shady deals
High in his office up there
He can't believe how good it feels
To be a millionaire

Livin his life by the bottom line
His world ruled by greed
Tripped and he fell on a dollar sign
Now he's down on his knees

Hear the sound of the stock market crashin
Took him years in the makin

Moments in the passing

He lost things to his foolish passion

Took him years in the makin

Moments in the passing

Moments in the passing
