It's not the things I'll never do, it's knowing nothing will come true.

It's not the things I'll never do, it's knowing nothing will come true.

You kill the dream of love, the dream of love  
You kill the dream, you kill the dream, you kill the dream.

Bury her in my place, you know we have the same face.  
Bury her in my place, you know we have the same face.  
You kill the dream of love, you kill the dream of love,  
you kill the dream.

You kill the dream, you kill the dream.

Give your tired lungs to me, forever keep your baby teeth.

Give your tired lungs to me, forever keep your baby teeth.

You kill the dream of love, you kill the dream of love,  
you kill the dream.

You kill the dream, you kill the dream, you kill the dream.

Fold your arms and lie back, follow the pretty lights, go off the path.

Fold your arms and lie back, follow the pretty lights, go off the path.

You kill the dream of love, you kill the dream of love,  
You kill the dream of love, the dream of love.

You kill the dream, you kill the dream, you kill the dream,  
you kill the dream.
