Gotta get you out of my mind
Gotta get you into my life

I know that your down
by the way your watchin' me
You take my words away and
I can hardly speak
There's just room for two
in my fantasy
So baby lose your crew
and come away with me

Turn down the lights and light up the party
I've got the ride and you've got the naughty
Leave your boys and my girls tonight
come home with me ASAP
Turn down the lights and light up the party
I've got the time and you've got the body
Leave your boys and my girls tonight
come home with me ASAP

Tonight's the night
and it's only just begun
All the boys and the girls that wanna f*** tonight
gotta turn the naughty on

Tonight's the night
and it's only just begun
All the boys and the girls that wanna f*** tonight
betta turn the naughty on

I like what you say
by the way your rock your shows
and the way you wear your smile
got me really diggin you
all this bump and grind
makes everyone a freak
let's get out of sight
baby run away with me

Turn down the lights and light up the party

I've got the ride and you've got the naughty
Leave your boys and my girls tonight
come home with me ASAP
Turn down the lights and light up the party
I've got the time and you've got the body
Leave your boys and my girls tonight
come home with me ASAP

Tonight's the night
and it's only just begun
All the boys and the girls that wanna f*** tonight
gotta turn the naughty on

Tonight's the night
and it's only just begun
All the boys and the girls that wanna f*** tonight
betta turn the naughty on

Gotta get you out of my mind
Gotta get you out of my head
Gotta get you into my life
Gotta get you in my bed
(x2)

Turn down the lights and light up the party
I've got the time and you've got the body
Leave your boys and my girls tonight
come home with me ASAP

Tonight's the night
and it's only just begun
All the boys and the girls that wanna f*** tonight
gotta turn the naughty on

Tonight's the night
and it's only just begun
All the boys and the girls that wanna f*** tonight
betta turn the naughty on
