There was a time not too long ago,
When you and I were still believing,
That we could make it on our own,
But i was blind to see our situation,
I needed you more,
More than I ever dreamed of,
Thinking about you,
Through all my lonely nights,
Without you,
In these arms,
I thee want,

Chorus
All I want,
All I ask of you,
All I need,
Is for you to be holding me forever,
You're my superstar,
And this love I will defend,
'Til the day that we're together,
I'll be missing you

I should have known,
That it was so hard to do,
How could I have been away so long,
So long without you,
With or Without,
Anybody else,
There's only you,
Thinking about you,

Through all my lonely nights,
Without you,
In these arms,
I thee want,

Chorus
All I want,
All I ask of you,
All I need,
Is for you to be holding me forever,
You're my superstar,

And this love I will defend,
'Til the day that we're together,
I'll be missing you

Bridge

I'm wondering if your ever coming back,
Take your time to show me you care,
Too many lovers fall along the way,
And I don't want to be alone,

Chorus

All I want,
All I ask of you,
All I need,
Is for you to be holding me forever,
You're my superstar,
And this love I will defend,
'Til the day that we're together,
I'll be missing you
