I must admit I was afraid and just a little scared  
You were something that I had longed for  
Let me get a little closer, I'll go anywhere  
Across the ocean I'll be there

And my emotions, they will never change  
I'm down on my knees for you  
And you can tell me I'm wrong  
But baby, you feel it too

Oh, and it's alright  
And I know that you'll change your mind  
Your mind

I will survive, if I exist in your eyes  
Feels so alive, feels so alive  
And I can't describe what I'm feeling inside  
'Cause you are my one, my love, my life  
My one, my love, my life

Seems like forever, baby, I've been watching from afar  
But now it's over, I need to hold you  
And even if it's only just for a little while  
For me an eternity

Remember baby, when you told me  
You loved me too  
And that you'd always be there for me  
For me

Oh, and it's alright  
And I know that you'll change your mind  
Your mind

I will survive, if I exist in your eyes  
Feels so alive, feels so alive  
And I can't describe what I'm feeling inside  
'Cause you are my one, my love, my life  
My one, my love, my life

And I can see it, baby, in your eyes  
You know that we were meant to be

You'd never find it even if you tried  
A love like mine

I will survive, don't you know I will survive  
I will survive, and you know that I will

I will survive, [Incomprehensible] in your eyes  
It feels so alive  
And I can't describe what I'm feeling inside  
'Cause you are my one, my love, my life  
My one, my love, my life
