## Intro

I've been hooked on you for the longest time  
Angel of my night and day  
You're pushing me away from  
Holding on to her  
But she's empty now  
Will I ever change  
And I got to thinking you know me all too well  
And I'll be waiting for you if I survive

## Chorus

You got me drowning in the flavor of you  
But I can never seem to get enough  
I've got you inside  
You're giving me a rise  
And you're taking me over  
Wake up to the sound of my lazy heart  
Pumpin' up my last nights game  
Say it's gonna be all right  
All the ones I've loved

Read between the lines building me a cage  
And I got to thinking you know me all too well  
And I'll be waiting for you if I survive

## Chorus

You got me drowning in the flavor of you  
But I can never seem to get enough  
I've got you inside  
You're giving me a rise  
And you're taking me over

## Rap

Still I'm feeling you  
In my mind and in my system  
Powder's all I dream about  
And I see the sun rise  
All alone on this ride  
I can't see the light  
But I still can't get my fill  
Can't get enough
