Morning cartoons  
My superhero  
Aw here you come flying  
My superhero  
Don't turn your back and walk away Into the dark,  
it's cold they say  
You think I'm wrong when you know I'm right  
the truth is that you're so damn different  
from all the other fellows  
that I've ever known  
I didn't expect you to be so under control  
you are the light that guides me kindly  
through the dark  
You're my superhero  
come to life  
CHORUS:  
Tell me do you really wanna  
really wanna ride with me  
I wanna ride with you  
You know you do me right  
Tell me do you really wanna  
really wanna ride with me  
If you really want me to.  
You know you're my superhero  
you bring out the little girl in me  
and when push comes to shove  
you're right there flying at my window  
silly People talk,  
but rarely they speak their minds,  
although they pray to a God without a face  
the truth is that,  
I'd rather believe in my morning cartoons  
like I did when I was only knee high!  
o my mama's thigh.  
It was easy then,  
it ain't so easy now  
But if you like you can fly me into the night.

Chorus x2

Oh you know I really wanna  
ride with you

I just wanna ride with you  
I wanna ride,  
take me for your flight.  
You're my one and only superhero.
