Here I, here I go again now  
Failing to pretend  
My heart will not depend  
On your love, I'm sailing  
Sailing into the sun  
Where my soul belongs  
It's tempting to give in  
Deep in your skin

Dictator in my brain  
Tell me I'm not insane  
Needless to say that without love  
I feel no joy, no pain  
Dictator in my brain  
This time I feel no shame  
Your bossy voice is telling me I feel for you, you  
You make make me wanna fly  
Above the city lights  
If only I could make sweet love to you  
There's nothing else I'd rather do  
'Cause I'm so in love  
I'm free now  
Free at last from insecurity  
Free from all the things I didn't mean

Found freedom in peace  
We're fading  
Fading like the sun into the sea  
Forces of nature  
We cannot cheat  
So come and steal this life with me

Lonely, only lonely without you  
I am so  
Only lonely, only without you  
Over, over fighting over you  
The world keeps on turning, turning without you, you  
You make me wanna fly  
Above the city lights  
If only I could make sweet love to you  
There's nothing else I'd rather do  
'Cause I'm so in love

You, you make me feel so good  
Like only lovers should  
If only we could change this world around  
We wouldn't be so upside down  
'Cause you blow my mind
