I'm you + me and a whole lot more
Our love was someth 'in that could've just sored
And i'm here
And i'm near
You'd see me if you could
Oh I really wish you would
There's a reason for this song
It's that

Chorus
Everything I thought about love
Everything I thought about love
Everything I thought about love
Is wrong

You x me is a whole lotta math
With you I didn't need to take a bath
And i'm far
And i'm scarred
You'd know how I feel
If you really get the deal
There's a reason for this song
It's that

Chorus 2x

You and me we can't subtract
Our love was something we turned back
And i'm scared
And i'm tarred
I love you so much
Our love could be a bunch
There's a reason for this song
There's a reason for this song
There's a reason for this song
It's that

Chorus 3x
