"Exhale"

Visit "[Exhale](#)" on MotoLyrics.com

You been so lonely, broken up inside
Stolen, all untied
You went the long way round, going nowhere bound
Frozen

But walk on, when you're alone
Call her, she'll carry you home
Her wings will bring you home
Her little wings will bring you home

Up side, where you're free to glide
It's awesome, you'll exhale with delight
All a daze
Don't gotta chase the dogs away
Won't let 'em get you get them

So walk on, you're not alone
Call her, she'll carry you home
Her wings will bring you home
Her wings will bring you home

Her wings will bring you home
Bring you home
Her little wings will bring you home
