I can tell you're feeling lost
Wandering round without a clue
The road you will cross
Take my hand I'll lead you

Now, I don't know it all
But if you fall
I'll be there for you
The things that you can be
Are there for us to see

I believe in you
I believe in you
I believe in all the things that you do
All the things you do
I believe in you
I believe in you
I believe

I've seen you and your battle scars
Caught up in these rattling chains
I wonder how you are
Inside this so called fame

I wanna fill your empty shell
Free you from the spell
Throw away the blame

I'm gonna set your soul at ease
Thaw you from the freeze

I believe in you
I believe in you
I believe in all the things that you do
All the things you do
I believe in you
I believe in you
I believe

We're traveling full speed
We got all that we need

Let's go out on that ride

It's time for you and me
And all that we can be

I believe in you
I believe in you
I believe in all the things that you do
All the things you do
I believe in you
I believe in you
I believe
