It's just a simple kiss and no one has to ever know
What she doesn't know won't hurt her as long as i don't let it
show, we'll keep it just between us all bundled up
inside just our little secret i'll be playing dumb and
acting shy going crazy for a week[crazy for a week]
your girlfriend's gonna freak[she's gonna freak] cause
i know that i'll be freakin too cause that's the thing that
girlfriends do.

So frustrating your not the type that i should be dating
no matter where i go what i do it sucks cause i want to
be with you

Found a lame excuse to call you just to hear your on the
phone talks a million miles and now we're
pretending we were all alone and if only for a moment it
felt like you were really mine but no one wants a
cheater even if the boys find going crazy for a
week[crazy for a week] your girlfriend's gonna
freak[she's gonna freak] cause i know that i'll be
freakin too cause that's the thing that girlfriends do.

So frustrating your not the type that i should be dating
no matter where i go what i do it sucks cause i want to
be with you

So frustrating your not the type that i should be dating
no matter where i go what i do it sucks cause i want to
be with you

So frustrating your not the type that i should be dating
no matter where i go what i do it sucks cause i want to
be with you
