I rise to greet the day  
Despite the monsters underneath my bed  
I grab a pen and count to ten  
And spill the contents of my head

This is the here, this is the now  
I gotta make it somehow  
Sometimes it feels as if my brain is bursting  
Gotta write it down

(CHORUS:)

Note to self:

Feed the dog, call the mom, write a song  
And rule the world by noon

Note to self:

Make the grade, make your mark, break a leg  
And don't forget to always work the room  
'Cause everything is going by so fast  
I just wanna make something that lasts  
But I'm gonna leave the keys up on the shelf  
Note to self...

I lose myself inside the night  
Despite the demons in my mind  
We hit the street and take his hand  
To promise land, ain't far behind

Whether it's right or if it's wrong  
I wanna party all night long  
Sometimes it feels as if my brain is bursting  
Gotta work it out

(CHORUS)

Note to self:

Feed the dog, call the mom, write a song  
And rule the world by noon

Note to self:

Make the grade, make your mark, break a leg  
And don't forget to always work the room  
'Cause everything is going by so fast  
I just wanna make something that lasts

But I'm gonna leave the keys up on the shelf  
Note to self...

Note to self... Note to self...
