I don't know why but I can't seem
To find the right melody today
I can't make the words fit how I feel
I don't know when was the last time
That I slept the whole night through
And when morning comes around, I feel tired

I woke up from a strangest dream
With a dancing dog and a beauty queen
They said nothing, nada, niente
I'm empty

But you're here and I'm here
So I stop complaining, it could be raining
And I see the answer in your eyes
You're here and I'm here, I keep on singing
Just keep on singing, singing

Do you know why I can't seem
To find the right melody today?
I can't make the words fit how I feel
Do you know when was the last time
That I slept the whole night through?
Another morning comes around, I'm so tired

I drive down to the rodeo
Gonna ride a bull in a video
But nothing, nada, niente
I'm still empty

But you're here and I'm here
So I stop complaining, it could be raining
And I see the answer in your eyes
You're here and I'm here, I keep on singing
Just keep on singing, singing, singing

I don't know why but I can't seem
To find the right melody today
I can't make the words fit how I feel

(I don't know when was the last time)
I woke up from the strangest dream

(That I slept the whole night through)
With a dancing dog and a beauty queen
They said nothing, nada, niente
(And when morning comes around, I feel tired)

But you're here and I'm here
So I stop complaining, it could be raining
And I see the answer in your eyes
You're here and I'm here, I keep on singing
Just keep on singing, singing, singing

You're here and I'm here
So I stop complaining, it could be raining
And I see the answer in your eyes
You're here and I'm here, I keep on singing
Just keep on singing, singing, singing
Singing, singing, singing, singing
