You want it  
Got a need taking over  
Can't breathe

Every night, ghosts in your soul  
You're needy, knee deep alone

As you take your aim  
You know it's wrong  
But it makes it alright

As you drown, love goes down  
The light in your eye won't stay

The you now is not you  
No life in your day  
All numb

As you take your aim  
You know it's wrong  
But it makes it alright

And you lose again  
You know you're wrong  
But it make you right

When can we breathe again  
When you've had enough  
When will we see the end  
Have you had enough  
How can we be the same  
'Cause you can't get enough of the love but enough's  
enough

Undone, struck dumb  
You'll never know there's a better way

So roll those drums  
Now you're over  
Now it's over

When you took your aim  
You knew it was wrong  
But it made you feel alright  
But we lost again  
So wrong, make it right  
So wrong, make it right  
Make it right  
Make it right
