Up and go again
The gutter's where you're from
And the gutter's where you're in
Break, unfold
Leave it two steps far from home
Yeah, you look just like something
Hard to recognize
That doesn't mean a thing
No bigger wish, just bigger than this
Now you've found reasons that you recently didn't
know
This might scare the living life out of you
A shiny, shiny season with dead flowers in bloom
A shiny, shiny season
Ooh

About you I don't know
When is it time to leave?
Were do you wanna go?
You can't stand when the sun is shining thru
Brighter than you do
But you've found reasons that you recently didn't know
Come on in again
I'm opened all night
You can leave me hanging out here or cut the rope
The shiny seasons
Don't ever let them go
The shiny, shiny seasons
Don't ever let them go

All your scams
And your pictures
Swallowed seas and skies
I knew you'd call on them misters
For a way to stop the tide
You've seen killers in hallways
You've heard wounds can heal
Just don't bother to show it
I kinda know how it feels

A sign on the wall

Said sign them off
What time is it time to fall?
