I rise to greet the day
Dispite the monsters underneath my bed
I grab a pen and count to ten
And spill the contents of my head

This is the here, this is the now
I gotta make it somehow
Sometimes it feels as if my brain is bursting
Gotta write it down

(CHORUS:)

Note to self:

Feed the dog, call the mom, write a song
And rule the world by noon

Note to self:

Make the grade, make your mark, break a leg
And don't forget to always work the room
'Cause everything is going by so fast
I just wanna make something that lasts
But I'm gonna leave the keys up on the shelf
Note to self...

I lose myself inside the night
Despite the demons in my mind
We hit the street and take his hand
To promise land, ain't far behind

Whether it's right or if it's wrong
I wanna party all night long
Sometimes it feels as if my brain is bursting
Gotta work it out

(CHORUS)

Note to self:

Feed the dog, call the mom, write a song
And rule the world by noon

Note to self:

Make the grade, make your mark, break a leg
And don't forget to always work the room
'Cause everything is going by so fast
I just wanna make something that lasts
But I'm gonna leave the keys up on the shelf

Note to self...

Note to self... Note to self...
