I saw my boyfriend hanging with this girl that I hate
He didn't have to tell why last night he was late
I can't believe what you tell me
Your lies have come undone
Now I'm living on the run looking out for number one

I took a ride to the city
Had to get out of this place
I just can't stand the pity
When the tears fall down my face
I used to think it was over
But its only just begun
Now I'm living on the run looking out for number one

One day you'll see me but only when your dreaming
One day you'll say I was the one
I used to ride on a Greyhound stashed away on a train

But I take for the subway
Playin' guitar in the rain
I wanna follow the rivers to an island in the sun
Now I'm living on the run looking out for number one

One day you'll see me but only when your dreaming
One day you'll say I was the one
Late at night trying to fight
I just might think about him
Right now I'm feeling fine
I'm better off without him ya!
One day you'll see me but only when your dreaming
One day you'll say I was the one
I know that on day you'll see me
I'll haunt you when your dreaming
One day you'll say I was the one
I'm number one
