Amazing Amazing Amazing Amazing when you think
How I coulda I coulda I coulda missed you in a blink
Wont ya follow me into my world its out in space
When we get to far bring me back to the human race
Again and again and again you are the fix
I need a little fix right now, just got to see your face

Chorus:

Stay- i'm never gonna letcha go (never gonna, oh no)
Evidently everyone needs a high when theyre low
Stay- im never gonna letcha go (never gonna, oh no)
Evidently everyone needs a high when theyre low

Ak Sent:

Rigth now im low so
Brighten my day up only if you knew
A second without you feels like I caught the flu
Im so amused when you do what you do
And I really wanna see if your love is true
I got time for the game
Just make sure you say my name
When they ask who holds the fame
Ak'sents the name with this little bitty frame
And tell them other chicks when they act the same
Ya gotta stay in my life always
And never go away or forget the days
When ya lied I cried felt like a fool some times
But I still feel the same love inside
Ya gotta

Chorus:

Stay- im never gonna letcha go (never gonna, oh no)
Evidently everyone needs a high when theyre low
Stay- im never gonna letcha go (never gonna, oh no)
Evidently everyone needs a high when theyre low

You need to repair the hole thats in my chest
I rip off my clothes and lie here in this mess
And even im scared, cause I love you to death
You got to, you got to got to got to got to got to

Staaaaaaaaaaaaaaaaaaaaay

Wontchya follow me into my world, its out in space
Stay- im never gonna let ya go
Evidently everyone needs a hight when theyre low

(ya gotta stay in my life always
And i'll never go away or forget the days)

Evidently everyone needs a high when theyre low, so,
so
Stay....
