Feel me coming- feel the tremor- hear the thunder
Of your heart pound
You're surrounded- no way up to- no way over
To the higher ground
I'm sweeping closer- roller coaster on the seven seas-
feel the breeze
I'm breaking down on you- there's no way out
So scream and shout in Japanese

Tsunami noyoonee ataku suduwaa

Can you feel the riptide?
Are you all washed out?
A blazing tail-slide
Past a waterspout
Feel the reach
From down below
Cuz you can't fight
The undertow

Hold your breath, be brave, and try to keep cool
I'm going to hit you like a tidal wave
Crushing you- and now you're caught up in a whirlpool
I'm going to hit you like a tidal wave

Prepare yourself- to be breathless- feeling restless
Keep from being drowned
Catch the tube- you're racing forward- crouching
lower
At the speed of sound
All coiled up to inundate you- saturate you- there's no
place to hide
I'll hunt you down as you surf faster- looking back
completely petrified

Can you feel the riptide?
Are you all washed out?
A blazing tailslide
Past a water spout
Don't fight the current
Our lives converge

Iâ€™ll overwhelm you
As we both submerge

Hold your breath, be brave, and try to keep cool
Iâ€™m going to hit you like a tidal wave
Crushing you- and now youâ€™re caught up in a whirlpool
Iâ€™m going to hit you like a tidal wave
