"Lights"

Your lights, they twinkle down on me.
Your lights, one and one we'll be.
Inside, we're burning like an orange glow;
Inside, we're learning how to grow.

Your lips, they burn like a fire;
Your heart is silent and pure.
Your legs are firm and inspired
Once more.
And then we break for love,
And then we reach for life,
And it's... Lights!
Like flames burning before you
We glow.

Four eyes get caught within a gaze.
And I'm searching for you,
In this foolish maze.

Your lips, they burn like a fire;
Your heart is silent and pure.
Your legs are firm and inspired
Once more.
And then we break for love,
And then we reach for life,
And it's... Lights!
Like flames burning before you
We glow.

As I lay down
In the night;
Lift the darkness,
Show me light!

If you would shine down on me;
If you would shine down.
If you would shine down on me.
