Lost, hope, fear, death;
Annihilation.
Pain, lust, greed, torment;
Anticipation.

But there's a light around you now,
Though it's far away...

When memory calls to me,
Like a silent night on a lonely sea;
When caught between in-between,
Would you be my constant?
You'll set me free.

Lost, hope, trust is broken;
And suffocation.
Teeth burn, nails claw at
Emancipation.

But there's a light around you now,
Though it's far away...

When memory calls to me,
Like a silent night on a lonely sea;
When caught between in-between,
Would you be my constant?
You'll set me free.

I'm falling further into darker realms
From which men don't return;
The pain is burning stronger,
Will it stop, or never end?

But there's a light around you now,
Though it's far away...

When memory calls to me,
Like a silent night on a lonely sea;
When caught between in-between,
Would you be my constant?
You'll set me free.

Will you be my constant?
Be my constant.

No... Yes... No!
