I never wanna lose this feeling here with you
It's in the way you move, underneath the sky, the stars,
the moon
I can feel it in your touch, the fire burning from your
fingertips
Oh baby, what a rush, the feeling of your heartbeat on
my lips

Without you I can't live

[Chorus]

I never wanna lose this feeling, it's keeping me alive
I never wanna lose this feeling, lying here with you
tonight
I can feel your heart is beating, and the magics still
alive
I never wanna lose this feeling, when I look into your
eyes

I never wanna lose this feeling here tonight
And I don't wanna sleep, I wanna take my time and do
it right
When I look into your eyes, I see so clearly everything I
need
But how can we survive when the world outside will
never let us be?

Without you I can't breathe

[Chorus]

I never wanna lose your precious touch
I never wanna lose this lust
I never wanna let you slip away
I never wanna lose the love you breath
I never wanna lose this feeling

Without you I can't live

[Chorus]

I never wanna lose-, I never wanna lose-,
I never wanna lose this feeling
I never wanna lose this feeling, lying here with you
tonight
I can feel your heart is beating, and the magics still
alive
I never wanna lose this feeling, when I look into your
eyes
