[Perkons Left Thundering]

Aiziedamis Perkons grauda
Krustam skila uguntinu
Aizdzidamis jodu mati
Aiz devini ezerini
Lietins lija saulite
Kazas dzera veleniesi
Man balinis jauns nomira
Velos nema ligavinu
Dieva deli vedejini
Saules meitas panaksnicas
Tas purina daritajas
Davaninu devejinas
Osam kara zelta dvieli
Ozolami sudrabin'
Mazajami karklisami
Uzmauc zelta gredzentinu
Kad es mirsu, I es busu
Veleniesu godina
Kad es mirsu, I es busu
Veleniesu godina
Kad es mirsu, I es busu
Veleniesu godina
