Come on
Get one

What does the sun have to shine on today?
Or is the rain gonna come out and play?
Seize the day, surf the waves
Even when the beach is gray
This place is pretty
But this beach is dirty

Your life is precious, I've often agreed
But I thought I only lived because someone died for me
Yeah, someone died for me
It's why I ride the waves you see
At my day at the beach
Just one day at the beach

How is the sand today?
I'd build a castle but it'd fall anyways
Dust to dust, sand to sand
In between I need your hand
This world is tainted
But with you I know I'll make it

Your life is precious, I've often agreed
But I thought I only lived because someone died for me
Yeah, someone died for me
It's why I ride the waves you see
At my day at the beach
Just one day

Sometimes I'm ready to ride the waves
But other times I just want to lie in the sand
And let the tide come in
Then I'll never see the beach again

Your life is precious, I've often agreed
But I thought I only lived because you, can't you died
for me
Yeah, you died for me
It's why I ride the waves you see
At my day at the beach

Just one day

Just one day
