Doctors call me crazy
I don't mind
Just no good and lazy
I don't mind

Don't pour me no glass of red
Drink it from the bottle
Sip my whiskey from the still
Pushing out full throttle

Ain't no rules to this game
I take what I have to
21st century Jesse James
Watch your back you got to

Chorus

Don't tell me to slow it down
I'll break when I want to
Trouble just keeps comin round
Lucky it don't find you

Too smart to leave a trace
Getting evil glances
Sneaking out of every place
I'll take my chances

Aint no body tell me what to do
Can't tie me down
Can't tie me down
I aint nobody's fool
