When I get home and the day is all done  
I really don't have much to say  
I want to get cooking with the way that you're looking  
Won't you come outside and play  
If you need a little help you can find it on the shelf  
We're really going to make a scene  
Cuz I'm going down and you're gonna make the  
sounds  
Of electric light lady queen

CHORUS:

You may have tried to fix what's twisted with my  
dreams  
Or maybe you bring out the best worst in me  
I may seem broken and loose at my seams  
Or maybe you bring out the best worst in me

I like it like this just a little like that  
Tonight I'm gonna be on top  
And if you don't do it the way that I want  
You know I'm gonna tie you up  
A man has needs so you better say please  
If you want a piece of this  
I'm tired about the notion the motion in the ocean  
Make me wobble at the needs

Chorus
