

## The Fevered

### "Cascade Divide"

To the quandaries of human life  
Devastation of a world in strife  
No return, sinews burn on an earth now dead

Disappear, into ether as we cascade as we divide  
Distort, inside

Bleak  
Souls that mirror the deceased  
Shuffle to their closing feast

Towards an empty grave  
Buried in their sadness  
I control my verity and notions

Detachment  
Away from terrestrial spheres  
We are estranged

Defect, abstract from carnality as we cascade as we  
divide  
Distort, inside  
Free from burden at hand  
That weighs down your innate volition

Towards an empty grave  
Buried in their sadness  
I control my verity and notions
