

The Fevered "To Frailty"

Forever confined

Shatter the souls
Of the seemingly hopeful
Devour the dreams
Of the petulant mass

Below, in the feverish threshold
Below

Unhearing alone
Eternally slow death
Silent are cries
That never existed

Sanity's blind
Within realms of tormented
Disabling faith
Restoring action

To frailty, we are bound
Within an era of lies, forever confined.
To frailty, we are bound
Within an era of lies, forever confined.

Forever confined!

Instability is not
A moment of failure
But rather a chance
To rejoin the stream

To frailty, we are bound
Within an era of lies, forever confined.
To frailty, we are bound
Within an era of lies, forever confined.
