I shun the sight
Deliberate Vortex
Step by idle step
And drowning in the wishing well
Eventually numb
Sold the soul for comfort
This eon as cold as the heart
None appearing

Firmament is locked
Errant Move
The grudge in you
Held high as a banner of weakness
Winter in the offing
Change by idel chnage
I switch to dark
As much as you adore it

Retaliation lies dormant
Asleep but close at hand
Go on and test the bounderies
Step of the map and drown again

I shun the sight
Deliberate Vortex
Step by idle step
And drowning in the wishing well
Eventually numb
Sold the soul for comfort
This eon as cold as the heart
None appearing

Firmament is locked
Errant Move
The grudge in you
Held high as a banner of weakness
Winter in the offing
Change by idel chnage
I switch to dark
As much as you adore it

Retaliation lies dormant
Asleep but close at hand
Go on and test the boundaries
Step of the map and drown again
